Worker of the Year Guidelines

The Worker of the Year Award is given during the SCCA National Championship Runoffs® to the workers who have contributed the most during the year* in their specialty. Ask yourself "what does the Worker of the Year look like?" The following questions are intended to help guide you when making nominations and get you thinking about people you'd like to acknowledge:

1. Does this Worker support their specialty, event, region, competitors, fellow workers and the SCCA? If so, how do they do it?
2. Has this Worker shown dedication and enthusiasm throughout the year?
3. What distinguishes this Worker as unique? Do they exhibit strong skills, good leadership, and a willingness to go "beyond what is expected?"
4. Did this Worker make a difference during a certain task or special situation? If so, how was their presence influential?

Our Workers are unique and special people in so many ways. They deserve to be recognized for their contribution to the sport and club we all enjoy.

*The year is defined from October 2008 to September 2009.
